This book is about... A little ~~good~~ gruffalo who goes out to the dark wood and on the way he meets a snake, owl, fox and a mouse then the mouse shags the gruffalo's child the big bad mouse. (which is a big shaggy ~~off~~ himself).

I think you should read this book because... it is slightly scary. I like the baby gruffalo because she acts like a dare devil. She is also brave to go looking on her own. I like all the funny pictures for example the picture of the baby gruffalo running away from the big bad mouse!
